

Your Window Of Opportunity For Office Furniture

RE: ADVANCE OFFICE INSTALLATION
37 Lukens Drive
New Castle, DE 19720

To Whom It May Concern:

We are very pleased with the quality of work and professional manner that we have experienced with Advance Office Installation. Projects that Advance Office Installation have worked with us on, have ranged from several small installations to much larger projects with 100 + workstations being installed. Regardless of the project size, AOI has been very easy to work with and always managed to complete the projects on schedule.

Miguel Marrero and his competent crew of Haworth Certified Installers have consistently treated us with the attention and response time required to successfully meet the expectations of our customers, regardless of how small or large an installation crew was required.

Our companies both have the same expectations in working towards totally satisfied customers.
