Dear Miguel,

It was good to speak to you concerning NPG and AOI partnership on our recent installation at DHL. The 10 men you provided with trucking to get the product from Allentown to DC for reuse worked in a timely manner, and were able to exceed the projected time table. I have worked in the furniture industry for over 25 years managing all aspects of Project Management including; furniture removal, liquidation, installation, redeployment, reconfiguration, move coordination, in the United States and Canada. I have partnered on hundreds of projects throughout the United States and I have to say that AOI is truly one of my best affiliates to work with.

The relationship between NPG and AOI now spans over 10 years, with many projects through New York, New Jersey, Pennsylvania, Delaware and Virginia. I would recommend your services anytime and look forward to the projects we have slated for this year coming.
